Editorial

Business as Usual!

After what seems a very long time we are at last returning to having our meetings in the lounge of the Winston Churchill Hall (see page 17).

I've tried to add to the variety of articles in this issue of the *Town Crier*, bringing back the Councillors' Comments section and an article on HS2's progress. We also have a special article on the Platinum Jubilee and other Royal events. I hope you find them interesting and useful.

As Alan Jones mentioned in the March issue, he has stood down as Chief Road Steward. I'm sure you would join me in thanking Alan for all his hard work over the past few years and wishing him all the best in his 'retirement'. In his place we have Daniel O'Neill who will be organising the distribution of this edition of the *Town Crier* - welcome Daniel! We still need a town planning officer to help Susan Browne, so please let me know if you are interested.

Graham Bartram

FRIENDS OF EASTCOTE HOUSE GARDEN

www.eastcotehousegardens.weebly.com

Gardening sessions take place every Tuesday and Thursday throughout the year starting at 9.30am, with occasional conservation sessions in Long Meadow as required.

Tools, refreshments and good company are provided – no previous gardening experience necessary. Meet in the car park at Eastcote House Gardens. We welcome volunteer gardeners from surrounding areas including Eastcote, Harrow, Hillingdon, Ickenham, Northwood, Pinner, Ruislip and Uxbridge.

The Gardens Café is now open daily from 9.00am until 3.00pm.

THE ARTS SOCIETY, HILLINGDON

Lecture Programme September-December 2022

Wednesdays at 2.00pm, St Lawrence Church Hall, Eastcote - admission £5 to non-members
Please note that the location will change back to Winston Churchill Hall after September.

| 28 Oct, 25 Nov, 15 Dec | <i>Esprit de Corps</i> 2022 (Concert Series) | RAF Shades of Blue, RAF Central Band, RAF Regiment Band |
| 2 Nov-5 Nov | <i>Me and My Girl</i> (Musical) | KLOS Musical Theatre |

Chairman's Message

Gradually Ruislip is returning to normal after the pandemic. Our autumn meeting will once again be held in Winston Churchill Hall and as

you will see on the opposite page, theatrical performances and concerts are returning to the theatre, with *Young Frankenstein*, *Children of Eden* and *Me and My Girl* all being performed in the next couple of months. The RAF's concert series *Esprit de Corps* is also coming back to Ruislip.

In June, Ruislip joined in the celebrations of HM The Queen's Platinum Jubilee with parties, flags, banners and the magnificent postbox topper shown on the cover. We've collected some memories of previous Royal events and you can read them on page 10.

HS2 has a major milestone in Ruislip with the launch of the two Tunnel Boring Machines (TBMs) scheduled for September. You can read more about this on page 14. There are also a number of road closures and lane restrictions due to HS2 work. We will continue to monitor HS2's affect on our community and work to mitigate it.

The local elections in May saw Ruislip go from three wards to two new wards, Ruislip

and Ruislip Manor. Two of our councillors, Michael Markham and Devi Radia, stood down and Peter Smallwood was elected as the third Ruislip councillor. Our three East Ruislip councillors were reelected in the new Eastcote ward. You can read Cllr Riley's piece on page 16.

The hospitals are also getting back to normal, with regular visiting returning, without the need to book. We have a talk about the new Hillingdon Hospital at our next meeting and information about the new "board in common" for north west London in *Health Matters*.

If you haven't paid this year's subscription (it's still £5) you can pay it online using our website, just click the yellow tab in the menu bar:

www.ruislipresidents.org.uk

We rely on your subscriptions to pay for the running of the association, including printing the *Town Crier*, so please take a few moments to try out the online system.

I hope to see as many of you as possible at our meeting in September (see the back page), but in the meantime if you see me on the High Street feel free to stop me for a chat! ♦

Education News

Susan Midgley

LADY BANKES PRIMARY SCHOOL'S PLATINUM JUBILEE CELEBRATION

On Thursday, May 26th Lady Bankes Primary School held an event to celebrate the Queen's Platinum Jubilee. The event was organised by FOLBA (Friends of Lady Bankes Association) and took place on the school field from 3.00pm to 5.00pm. FOLBA is made up of parents of pupils, staff and members of the local community. The main focus for this year is to raise funds for a MUGA (Multi Use Games Area) which would be an excellent addition to the school and a wonderful facility for children to use all the year round.

A big attraction was the Bouncy Castle which could be accessed numerous times with the purchase of a £3 wristband. Another popular purchase was the offer of ten 50p tokens which could be spent at the many stalls of which there was a huge variety. One stall that was very popular was selling tempting looking cakes, donated by parents, where there were long queues. The fire engine from Ruislip Fire Station was also popular – children were allowed to explore inside the fire engine supervised by firemen. On leaving they were presented with an Activity Book.

The afternoon was extremely well attended and all visitors, adults and children, had lots of fun. It was estimated that the event made approximately £1,200.

BISHOP RAMSEY'S YEARS 7-10 PRIZE GIVING

Bishop Ramsey CofE School held their Prize Giving for years 7-10 students on June 22nd. The audience of proud parents, carers and friends were welcome to the evening's event by two confident, articulate year 10 students, Charlie Cadman and Georgia Bishop who also introduced the Guest of Honour, Rev'd Ann Lynes, vicar of Holy Trinity, Northwood and Area Dean of Harrow.

The school's Executive Head Teacher, Dr Hilary Macaulay, addressed the audience. She spoke of her pleasure that the school could once again hold such an event following the restrictions imposed by the Covid epidemic. She reiterated that the purpose of the school was much more than preparing students for exams but developing the whole person, one who puts service before self.

Prizes were presented for the academic year 2021-22 by Rev'd Lynes. They were awarded

to the high achievers in every form group and individual subject prizes for significant achievement in curriculum subjects and work experience. The winners were each introduced by members of staff who gave a resumé of their special qualities which led to them being nominated for the prize.

All the prize winners are to be congratulated for their achievements but a special mention goes to Charlie Cadman who won the prize for Physical Education Years 7-10. Charlie plays hockey for London who won the South Counties Championship and he also took part in the London Vitality 10km Run, coming 18th out of 1,132 competitors!

As well as subject prizes there were also those awarded to students in the Special Prizes category. Among these winners there were two year 7 students. William Birch won the prize for Commitment to the Community and Independent Spirit for his voluntary work at a local food bank. Nadira Roberts won the prize for Courage and Determination for raising money for the Solidarity Sunflower Campaign to help children in Ukraine.

Rev'd Ann Lynes then gave her address which was ideally pitched to her student audience and was met with appreciative applause. A vote of thanks was given by Charlie and Georgia who presented Rev'd Lynes with a gift. The event ended with a hymn and blessing by Rev'd Susy Dand, School Chaplain.

UXBRIDGE COLLEGE STUDENTS' EXPERIENCE OF A LIFETIME IN PRAGUE

Students had the experience of a lifetime after travelling to Prague as part of the Erasmus Programme. This scheme provides free movement and education exchange between registered universities and institutions for eligible students. The Turing Scheme has been launched to replace the Erasmus programme in which the UK can no longer participate having left the EU.

Following a highly competitive interview process, the college's Computing and IT students spent three weeks in the Czech capital. As well as working with a range of Tech companies they were able to tour the city to learn about its history, architecture and art. In the workplace, tasks included working with social media, VR and content production, as well as working with professionals.

Some comments by students on their experience include: "A must-have experience for every student"; "Amazing" and "Sensational!"

The college will continue to provide overseas work experience opportunities, including placements for 80 students from across the college in 2022-23 under the new Turing scheme.

To find out more about the College's Computing and IT courses visit:

Health Matters

ACUTE HOSPITAL PARTNERSHIP FOR NORTH WEST LONDON

The four acute NHS trusts in north west London are to come together under a single board in common from autumn 2022. They are the Hillingdon Hospitals NHS Foundation Trust (FT), Chelsea and Westminster Hospital NHS FT, Imperial College Healthcare NHS Trust and London North West University Healthcare NHS Trust.

The move will help the organisations make the most effective use of their collective resources to provide better care, for more people, more fairly. This will prove particularly important as the whole NHS seeks to tackle longer waiting times for planned care, and increasing pressure on urgent and emergency services.

The four trusts will remain independent organisations, working closely with their local authorities, patient groups, and other partners. They will each create a committee of their own board directors who will come together to form the new board in common, led by Matthew Swindells, the new Chair in Common. It will meet four times a year in public, while individ-

ual trust boards will continue to meet in public at least once a year.

Each trust will still have board subcommittees, and their reports will be presented at board in common meetings, along with those from the new cabinet. The four organisations will also continue to publish trust-level data to help ensure continued local transparency and accountability.

The trusts have pledged to continue to strengthen involvement with patients, residents and stakeholders to understand and respond to their needs.

Matthew Swindells said, "Our trusts worked together with extraordinary results during the height of the Covid-19 pandemic. These partnerships are helping us to see our patients more swiftly and reduce waiting times.

"The new Board in Common will now help us make strategic decisions together, so we can share best practice, use our resources in the best way for all our patients, and develop consistently high quality services." ♦

Royal Memories

MEMORIES OF EVENTS IN QUEEN ELIZABETH II'S REIGN

THE QUEEN'S ACCESSION – MEMORIES OF 1952

Viv Alcorn: "I was 9 years old and living in West Hendon and attended a tiny Church of England girl's primary school. Our headmistress came into the classroom one morning and told us that King George VI had died and we had a new Queen. Then we 'older' girls walked to Hendon Town Hall.

"As we stood outside with the crowd on the pavement the Town Crier rang his bell and introduced the Mayor who then announced the death of the King and called out 'GOD SAVE THE QUEEN!' three times."

THE QUEEN'S CORONATION – MEMORIES OF 1953

Peter Lansdown: "I took my A level exams in 1953; and was at the Coronation Review at RAF Odiham with over 500 aircraft, including Meteors, Canberras, etc. I remember sitting on the grass (yes, on the grass) watching England vs Australia Test at Lord's (Hutton, Compton, Graveney, Benaud, etc).

"And, of course, Coronation Day, 2nd June. We got up at 4am, the tube train was packed, and by 6am thousands of

people and police were filling the streets. The news of Edmund Hillary and Tensing Norgay's conquest of Everest was filtering through – what a present for the Queen! I remember the rain – at last the procession and the Golden Coach carrying the Queen hove into view."

John Hawley: "My father was lucky in a Coronation Sweepstake for places on a stand on the park side of Marble Arch. My mother, sister and I were thrilled, but less so when we heard we would have to rise by about 6am on Coronation Day. We had a long wait in the pouring rain to see the Golden Coach and the Queen and Duke of Edinburgh pass. There were the 'periscopes' people had purchased to get a better view and others doing amusing things whilst waiting.

"I think, as an eight-year-old, I didn't quite have the sense of history I would have at a later stage in life and I don't recall any build-up to the Coronation at my school. I do think it was an error for the news of the Everest climb to have been released on Coronation Day, which was wonderful, but it shifted the focus from the main event."

Viv Alcorn: "It rained all day. All the family crouched around my Auntie's 10 inch TV."

THE QUEEN'S SILVER JUBILEE – MEMORIES OF 1977

Sue Midgley: "In 1977 I was teaching in a secondary school in Herne Bay, Kent. Some of my sixth form students desperately wanted to go to London to be part of the Jubilee celebrations and I was persuaded to organise the trip.

"Having secured their parents' permission and with the Head Teacher's blessing we embarked on our adventure. On the afternoon of Monday, June 6th we boarded a train from Canterbury to London armed with sleeping bags and food. We had decided that a good place to be was Ludgate Hill as that was the route the procession would pass on its way to St Paul's Cathedral.

"Having bagged what we thought was a good spot on the pavement we ate our food and settled down for the night. However, there was little chance of much sleep. Throughout the night the crowds began to grow and the atmosphere was electric with people singing and vendors selling flags to be waved in the morning.

"At about 5.00am on Tuesday June 7th the street cleaners appeared and were greeted with cheers from the crowd. The excitement was building. Later the City of London Police appeared to line the route. They

were very friendly and promised to leave a gap so we would still have a good view in spite of their height. I could hardly believe the coincidence – the policeman who positioned himself in front of our group was the brother of a good friend of mine!

"The procession to the cathedral was lengthy; there were numerous carriages carrying foreign dignitaries and members of the royal family. When the cheering rose to a crescendo we knew that the Queen's carriage was close. When it passed by us we cheered our heads off and waved our Union Jack flags.

"Later we moved to the opposite side of the road hoping for another glimpse of the Queen. We were not disappointed as Her Majesty walked down past the crowd when she left the cathedral and we were very close to her; it was a magical moment for all of us."

Viv Alcorn: "Standing with a friend outside South Africa House we saw Her Majesty go by in bright pink outfit on the way to St Paul's Cathedral."

THE QUEEN'S GOLDEN JUBILEE – MEMORIES OF 2002

Graham Bartram: "I was working for the company that was creating the website for the Queen's Golden Jubilee tour and we had to do the launch in the Throne Room at Buckingham Palace. We were al-

lowed to drive up to the main door in the inner courtyard, from which it was only a short flight of stairs up to the Throne Room. I set everything up, with the screen in front of the thrones and went to plug in the power – only to find that Buckingham Palace still used round-pin 15amp sockets! In the end we had to borrow an adaptor from the cleaning lady, which she normally used for the Hoover.”

THE QUEEN’S DIAMOND JUBILEE – MEMORIES OF 2012

Graham Bartram: “I was working on the Diamond Jubilee Thames Pageant – I was in charge of all the flags. We had to check the Royal Barge to ensure that her captain could see past the Royal Stand-ard at the prow, and get a special warrant from the Defence Secretary to allow the civilian barge to wear the White Ensign at the stern. I watched from the Albert Bridge, next to where the Royal Barge was moored. It started raining as the pageant began, but I remember Her Majesty and Prince Philip stood for the whole pageant, and the beautifully embroidered seats that had been made specially were never used. The spectacle was incredible and seeing all those flags made me so happy.”

THE QUEEN’S PLATINUM JUBILEE – MEMORIES OF 2022

Alan Jones: “In the New Year our street started to talk about the Jubilee and how we could celebrate it. But, before we

knew it, April/May was here and not a lot achieved towards the big day. I selected my committee and so it began. We applied for road closure and insurance. Closure was granted for Sunday which meant we partied hard on Saturday night indoors.

“Sunday was the children’s day when they had an egg and spoon race, sack race, and running races in order of age. For this they all received medals. The adults had their turn with football, sack race, basketball, three legged race, netball and tug-of-war. The children then got their bikes, scooters, anything else on wheels and took over the rest of the evening, safe knowing that the road was closed.

“There was no time to stop for food – it was eaten on the go. By 8pm they were ready for bed, as were the mums and dads. A great day was had by all. My thanks go to my committee and all the friends and neighbours who took part in the Cottingham Chase Jubilee Celebration.”

Graham Bartram: “My sister was selected to represent Dorset Girl Guides at the Platinum Jubilee Pageant on Sunday 5th June and had a ticket for one of the stands and I agreed to go in to London with her and just watch the events from St James’s Park. We both had a great afternoon watching the pageant and I even caught a flash of green as Her Majesty came out on the balcony as we all processioned down the Mall.” ♦

HS2 Tunnel Boring Starts

Phil Taylor

Anyone who has been past West Ruislip, Breakspear Road South or Harvil Road in the last few months will have seen the huge destruction of our countryside due to the construction of the HS2 railway.

The next stage of the project will have started by the time you read this – the launch of the two Tunnel Boring Machines (TBMs) at West Ruislip digging the two tunnels heading into London. These machines are simply huge. Some key statistics:

- ◆ Each TBM is about 170m long and weighs 1,900 tonnes
- ◆ 15 people work in the machine at a time
- ◆ Operates 24 hours a day, 7 days a week
- ◆ Two tunnels 8.4 miles long from West Ruislip to Ealing
- ◆ Digging up to 15 metres a day
- ◆ Each exposed part of the tunnel is lined with 7 concrete segments (2m x 4m) fitted in a ring
- ◆ Each segment weighs around 8.5 tonnes
- ◆ The tunnel inner diameter is 8.7 m
- ◆ Boring through the Lambeth group (a set of geological rock strata), chalk and London clay

Delivering these huge TBMs to Ruislip was an enormous logistical challenge involving 260 deliveries, including 110 abnormal loads. It included removing street furniture (railings, traffic lights, street lights etc).

The 4,220 concrete lining segments for each tunnel are initially due to be delivered by road, but will in time get to the site by rail. They are made at a factory in Kent – a big win for local campaigners as HS2 had originally insisted they had to be made on site by two new concrete factories on the edge of Ickenham / Ruislip.

The lining segments are moved into the tunnel and TBM by special vehicles designed to carry loads in a tight space. They travel through the middle of the TBMs and the segments are lifted into place by cranes.

The spoil that the TBMs dig out of the ground comes out on conveyor belts and is carried over the river Pinn and Breakspear Road South. A lot of spoil will be dumped on land near the Dogs' Trust, whilst the rest will be carried over the Chiltern line and dumped in the land between Breakspear Road South and Harvil Road.

The TBMs are expected to run for about 22 months until they reach Greenpark Way in Ealing. They are then expected to be recovered and recycled, but whether this is done by reversing them out of the tunnels, or by digging an access shaft and lifting them out, remains to be decided.

The specialist tunnelers are so superstitious that they will not start using a TBM

without it being blessed by a priest first.

At the time of writing, it is not sure how much noise and other disturbance the residents will suffer from the 24 / 7 working. However, the local residents' team of campaigners are continually holding HS2 to account, and in some cases elevating serious problems through to HS2 Director and Ministerial levels. ♦

1. One of the West Ruislip TBMs
2. The cutting head of a TBM arriving in West Ruislip
3. The launch site from West Ruislip Bridge
4. The launch site from the air, looking east
5. The concrete segment factory in Kent

Councillors' Comments

Cllr John Riley

Ruislip Ward – Philip Corthorne, John Riley, Peter Smallwood

Ruislip Manor Ward – Douglas Mills, Susan O'Brien

It is a great pleasure to be able to contribute to the *Town Crier*. Following the Council elections in May this year, and the boundary changes,

there have been a couple of changes in the line-up of Ruislip Councillors. We wish to thank Cllrs Michael Markham and Devi Radia for all their hard work, companionship and dedication to Ruislip and Hillingdon.

Our friend, and now fellow Cllr, Peter Smallwood became a member of the Ruislip Ward Councillor Team in May. Peter is a lifelong Hillingdon resident; he was already heavily involved in our local political scene in Hillingdon and across London, more recently taking up a national political role. We are

Peter Smallwood

delighted to welcome Peter to our highly successful Ruislip team and look forward to working with him. Both Cllr Philip Corthorne and I were re-elected.

Ruislip Manor Ward is now ably represented by Cllrs Douglas Mills and Susan O'Brien.

HIGH STREET ISSUES

For a number of years now we have been working on the issue of the proliferation of fast food “delivery mopeds” and car drivers as they congregate on the High Street taking up parking bays and for some causing a considerable nuisance. We continue to deal with the problem and are actively seeking long term solutions to deal with this activity with the help of local business, police and Council Officers.

We are pleased to say that new shops and businesses are coming to our popular High Street and while its appearance may have changed it is still vibrant and of-

Continued on page 17

General Meeting

7.45pm, Thursday, 22nd September 2022
Winston Churchill Hall, Manor Farm, Ruislip

At long last we are getting back to our traditional meeting venue, Winston Churchill Hall. Doors will open at 7.30pm, with the meeting starting at 7.45pm. We will have a talk by Niall Smith, Redevelopment Communications and Engagement Manager at The Hillingdon Hospitals NHS FT, talking about the plans for the new

Hillingdon Hospital. This will be followed by an open forum for questions from our members. Wine, fruit juice and snacks will be provided.

Please try and send any items for the Open Forum to the Secretary by Thursday, 15th September 2022. ♦

Continued from page 16

fering a wide range of services. With the help of the business community, Council officers and others, who we have helped to bring together, we are looking forward to a bright future for our premier High Street, with local events planned for both residents and the wider public to enjoy.

RUISLIP LIDO

We have worked very hard to mitigate the effect that the vast numbers of visitors to the "Lido" has brought over the last few years. Foremost, we have introduced a seasonal parking scheme which will come to an end in September. We will then, with our Cabinet colleagues, review the scheme and look to apply improvements to make residents lives easier in the

summer months and facilitate the enjoyment of the Lido for all. We are distinctly aware of the effect on local residents of the annual influx of visitors as well as the antisocial behaviour of some using the Lido and are taking measures to deal with these issues.

Our "post bag(s)" are very full with resident issues both on an individual basis or on wider matters, we active Cllrs thrive on finding solutions. From flood management to the work of our great local charities, from parking issues to renewing roads and pavements, all matters about which our residents are concerned or want to tell us about. We are always available to help and remain at your service. ♦

Planning Update

Susan Browne

The building world is still busy, as can be seen by the number of applications shown below.

The table below gives planning applications and appeals that have been refused recently: ♦

REFUSALS WITHIN CONSERVATION AREAS AND ASLCS

| Address | Application |
|---|--|
| Land to rear 83-89 Manor Way | Erection of pair of semi-detached houses following demolition of garages. |
| Pavement outside 152 High Street | Advertising consent to install an open access Communication Hub. |
| Pavment outside 90 High Street | Installation of 1 x an open access Communication Hub and advertisement consent. |
| 2 Midcroft 4918/APP/2021/1103 Appeal Ref 9562 DISMISSED on 01/03/22 | Erection of part 3 storey, part 4 storey residential building for 9 self-contained flats following demolition of existing petrol station / car wash. |
| 128D and 130D Manor Way 73728/APP/2021/3884 | Raising of roof to add 2 x studio flats, ground floor infill extension, single storey front extension and conversion of 2 x 1-bedroom flats into 2 x studio flats. |
| 56 Sharps Lane 2028/APP/2022/343 | Roof extension and change to front roofing and features. |
| 12 South Drive 13950/APP/ 2022/681 | Conversion of roof space to habitable use to include rear dormer with Juliette balcony and 6 roof lights, and erection of porch to front. |
| 19 Church Avenue 11016/APP/ 2022/849 | Erection of single storey rear extension, conversion of roof space to habitable use to include a rear dormer, part garage conversion and single storey side extension to create an annexe. |
| 55A Kingsend 11012/APP/2022/810 | Part single storey rear extension, conversion of roof space to habitable accommodation to include rear dormers and alterations to existing front porch. |
| Land forming part of 2 Arlington Drive 74323/APP/ 2021/2509 & 2511 Appeal Ref 9675/6 DISMISSED on 13/06/22 | Two applications because related to a Listed Building. For the erection of a detached dwelling with associated parking and landscaping. |

REFUSALS OUTSIDE CONSERVATION AREAS AND ASLCS

| Address | Application |
|---|--|
| Neyland Court, Pembroke Road 76364/APP/2021/4604 | Construction of detached building to accommodate new management office accommodation above replacement parking spaces. |
| 53 Broadwood Avenue 27065/APP/2021/4454 | Erection of a part two storey and part single storey extension to the rear and roof extension with new 2 side roof lights. |
| Pembroke House, 5- 6 Pembroke Road. 383/APP/2022/1310 | Existing use of 8 Parking spaces for C3 use for residents of Neyland Court and Pembroke House to have the option of renting (Application for a Certificate of Lawful Development for an Existing Use). |

Local Charity Wins Award

The local charity that runs the Elm Park Club in Ruislip Manor and the Tudor Club in Eastcote has been awarded the Queen’s Award for Voluntary Service (QAVS) 2022. This is the highest award a local voluntary group can receive in the UK and is the equivalent to an MBE. It is one of the 244 voluntary groups to receive the award this year.

At each Club, a number of volunteers support the small staff team, required

The Queen’s Award for Voluntary Service

to ensure the meal every weekday, and provide a welcoming place for the over 60s to meet and enjoy a subsidised meal and take part in activities both during the week and at the weekends.

To find out more about the Clubs, contact Elm Park on ☎01895 634962 or the Tudor Club on ☎020 8866 8603 between 10am and 12.30pm - we get busy serving lunch after then. ♦ www.rnofa.org.uk

Elm Park Club, Ruislip Manor
